RESOLUTION NO 25 OF 2020

DECLARATION OF DISASTER EMERGENCY

On motion of Commissioner _______, seconded by Commissioner ________:

WHEREAS, a novel coronavirus (now known as “COVID-19”) emerged in Wuhan, China, began infecting humans in December 2019, and has since spread to 89 countries, including the United States; and

WHEREAS, the World Health Organization and the Centers for Disease Control and Prevention (“CDC”) have declared COVID-19 a “Pandemic,” and the U.S. Department of health and Human Services (“HHS”) Secretary has declared that COVID-19 creates a public health emergency; and

WHEREAS, the County of Lancaster (“County”) has been working in collaboration with the PEMA, DOH, and local health agencies to monitor and plan for the containment and subsequent mitigation of COVID-19; and

WHEREAS, this pandemic is endangering the health, safety and welfare of a substantial number of persons residing in the County of Lancaster, and threatens to create problems potentially greater in scope than the County and Municipalities may be able to resolve on their own; and

WHEREAS, this threat of imminent pandemic throughout the County is of such magnitude and severity as to render essential the County’s coordination of emergency resources and mutual aid to the county and municipal governments of this County and to require the activation of all applicable state, county, and municipal emergency response plans.

WHEREAS, this threat of imminent pandemic has the potential to cause significant adverse impacts upon the population throughout the County; and

WHEREAS, emergency management measures are required to reduce the severity of this pandemic and to protect the health, safety and welfare of affected residents in the County of Lancaster;

NOW, THEREFORE, WE, THE BOARD OF COMMISSIONERS OF LANCASTER COUNTY, PENNSYLVANIA pursuant to the provisions of Section 7501 of the Pennsylvania Emergency Management Services Code, (35 PA C.S., Section 7501), as amended, do hereby declare the existence of a disaster emergency as a result of this pandemic in the County of Lancaster.

BE IT FURTHER RESOLVED, we direct the Lancaster County Emergency Management Coordinator or his designee to coordinate the activities of the emergency response, to take all appropriate action needed to alleviate the effects of this pandemic, to aid in the continuation and restoration of essential public services as necessary, and to take any other emergency response action deemed necessary to respond to this emergency.

“continued”
BE IT FURTHER RESOLVED, that we authorize officials of Lancaster County to act as necessary to meet the current exigencies of this emergency, namely: by the employment of temporary workers, by the rental of equipment, by the purchase of supplies and materials, and by entering into such contracts and agreements for the performance of public work as may be required to meet the emergency, all without regard to those time-consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

This Declaration shall take effect immediately and continue until rescinded by the Board of Commissioners.

ATTEST:

Lancaster County, Pennsylvania

3/17/20
RESOLUTION NO. 26 OF 2020

On motion of Commissioner ____________, seconded by Commissioner ____________, it was agreed for the County of Lancaster, acting on behalf of the Departments and Agencies in the County, to transfer $400,000.00 from the Lancaster County Unrestricted General Fund Balance (Fund-A) to the COVID-19 Response Account established in the Commissioners’ Office. The purpose of this request is to provide the County’s initial funding to address any immediate, extraordinary, and direct costs related to the operations of the County during the impact of COVID-19 emergency declaration. Should it be determined that additional funding be necessary during this time of emergency, such additional funds shall be allocated using the same processes and any unexpended funds shall be returned to the Unrestricted General Fund Balance after this time of emergent need has ceased.

On motion of Commissioner ______, seconded by Commissioner ______, it was agreed for the County of Lancaster to authorize permission to the County’s Department of Parks and Recreation to work with the County Solicitor’s Office, the Pennsylvania Department of Conservation and Natural Resources, and Marietta Borough on a potential agreement regarding the transfer of 29.7 acres of land in Chickies Rock County Park to Marietta Borough.
Permission to work with the County Solicitor's Office, the Pennsylvania Department of Conservation and Natural Resources and Marietta Borough on a potential agreement regarding the transfer of 29.7 acres of land in Chickies Rock County Park to Marietta Borough.

The Marietta Borough Council has asked the County to convey 29.7 acres of land within Chickies Rock County Park. Although the proposal is that the parcel be conveyed for no consideration, the Parks Dept. is recommending further consideration of this request as the land that would be transferred is within the Borough of Marietta and is more suited for active recreation which can be more effectively and appropriately managed by the Borough. As the land in question was purchased with State grant funds, any transfer would need to be approved by the Pennsylvania Department of Conservation and Natural Resources (PA-DCNR) and the land would be subject to a deed restriction that it remain publicly accessible parkland in perpetuity.
Marietta Borough is currently preparing grant applications that involve the land in question, and the Parks Department is recommending that the County seek PA-DCNR approval of the transfer while simultaneously exploring a potential transfer agreement between the Borough and the County. If PA-DCNR approves the transfer, we would anticipate that a written agreement setting forth the terms of the transfer would be submitted to the Commissioners for their consideration at a future time.

Mr. Paul Weiss
Parks and Recreation Administrator
Lancaster Parks & Recreation
1050 Rockford Road
Lancaster, PA 17602

Dear Mr. Weiss:

At last night’s March Marietta Borough Council meeting, the Council voted unanimously in favor of taking over from Lancaster County Park’s Commission the parcel of land, #420-49801-0-0000 and parcel of land #420-62343-0-0000, at the Eastern end of the Borough adjacent to the Northwest River Trail. It is understood and agreed upon by the Council that this land is to be only used as Open Park and Recreation Green space. Our Solicitor, Brandon Harter, our Secretary Treasurer, Sharon Bradnick and I were authorized by a vote of the Council to negotiate with you the transfer of the property from Lancaster County to Marietta Borough. Our immediate need and plans are to continue to apply for a series of grants that are already in progress to complete the trail running through this property as a green infrastructure and more developed park area to augment the appearance and usability of the trail. We appreciate the County’s support in helping us make the trail more attractive and congruent with a green space that will help the municipalities and counties benefit from the trail, as well as enrich the experience for all the people coming to the trail from other locales.

Thank you,

Glen Mazis
Marietta Borough Council President.

Objective: To promote Agriculture and to serve and support those in my community.

Education
- Lancaster Mennonite High School  Class of 2001

Work Experience
2015-Present
Hess Seeds & Services Inc. Manheim, Pa

I was given the opportunity to work with my Father in his seed business. He started selling seed for Pioneer in 1993 when the sales rep at that time was retiring. I grew up helping him haul seed out to the farmers and seeing the big equipment. I remember getting bored while dad just “talked forever”. Now, that is one part of the job that I cherish, getting to talk and develop relationships with the farmers in my area. Becoming a trusted advisor and friend to many of my customers has been a highlight of the job. We do not just sell seed. We are a full service company that will sell, deliver, scout, give recommendations and support as needed all year long.

2007-2015
Musser’s Bulk Water, Manheim, Pa

I drove tractor trailer for Musser’s hauling water. We filled homeowner’s pools. A level of respect was expected while on site. We treated each job like It was our own property.

2003-2007
B.R Kreider Excavating, Manheim, Pa

I held many positions during my time at B.R. Kreider. I was hired as a laborer in a pipe laying crew. I worked hard and was rewarded with an opportunity to run equipment. The equipment kept increasing in size and along with that came more responsibility.
Summer's of 2002 & 2003
Wolgemuth Custom Harvesting, Elizabethtown, Pa

I worked on the wheat harvest throughout the mid-west. We harvested wheat from Texas to Idaho. I was responsible for harvesting & hauling the grain and moving the equipment with the team.

Personal Thoughts

- I work for a great seed company, and I'm proud of their mission statement. I try to implement it into my own business.
- Pioneer Seeds philosophy of "The Long Look". The Long Look consists of three simple statements:
  "We strive to produce the best products on the market"
  "We deal honestly and fairly with our employees, customers, seed growers, and sales reps"
  "We advertise and sell our products vigorously, but without misrepresentation"

- The long look isn't just this year. It's the future. Future years, future generations of farmers. It's not just this season's crop; it's the crops to come. Striving to be the best so my customers can produce the best to keep their farm going and growing into the future.
Jered Hess, perspective member of the Agricultural Preserve Board ("APB").

Jered is recommended for appointment to the APB by Gene Garber, immediate past Chair, and Jeff Frey, current Chair, of the APB. Gene and Jeff have known Jered for years as their seed salesman, and both believe he would be an asset to the APB. Jered’s job in seed sales provides unique opportunities to communicate with farmers, to hear their concerns, make recommendations for their operation, and to provide that perspective to the APB. The perspective of a farm support business is also very valuable to the APB.

Jered lives on a small farm in Manhelm where he owns and operates Hess Seed Sales, an agricultural seed business. His sales territory includes the northern and western portions of the county, covering hundreds of farms. This is the same region previously represented by Gene Garber, so APB’s regional representation will be maintained. Jered farms test plots of the seeds he sells on his property.

Jered’s work involves making seed recommendations to farmers, which requires him to know and understand farm operations, from operating costs to management practices. This also provides for unique opportunities for discussion with farmers every day. He will have the ability to hear concerns, provide information and answer questions about farmland preservation.

Jered has attended a meeting of the APB as a guest and attended the 1,000 preserved farms event.
