- 90% of the Depository portfolio will pay off by January 2023
- 90% of the Enhanced Cash portfolio will pay off by December 2022
- 90% of the Enhanced Cash II portfolio will pay off by February 2023

### **Revised & Approved Plan for ARPA Funds**

If all three portfolios were to sell their current holdings, any losses aside, portfolio yield would rise to 3.39% net of fees. For the 15 months until December 2023, the following assumptions are being made:

- County Depository portfolio would earn (\$20mm \* 3.39% \* 1.25 years) or \$847,500
- Enhanced Cash portfolio would earn (\$59.96mm \* 3.39% \* 1.25 years) or \$2,540,805 • Enhanced Cash II portfolio would earn (\$53.04mm \* 3.39% \* 1.25 years) or \$2,247,570
- A total of \$5,635,875, or thereabouts, would be earned over that period.

### **2023 County Real Estate Collection Projections (based upon historical trends)**

- By February 2023, we project that we may collect county funds at an estimated amount of \$7.5 - \$8 million.
- By March 2023, we project that we may collect an additional estimated \$15 - \$20 million in county funds.
- By April 30<sup>th</sup> we project that we will collect an additional \$65 - \$70 million for the month.

\*Please note that the above depends on when 2023 tax bills are mailed.

\*Please note these projections account for the 2% discount period.
