NEW BUSINESS

NEW PRISON PROJECT UPDATES

**Lancaster County
Project Update for Prison Board Meeting
April 17, 2025**

Design Development / Construction Management Services

The Design Development (DD) phase is continuing. This phase focuses on further developing the important aspects of the project including the exterior and interior of the building, layouts, room sizes and the materials needed for construction. As part of the DD Phase, on March 26th the Commissioners approved the issuance of the Request for Proposal (RFP) for Construction Management Services for the new correctional facility. The RFP was made available on Thursday, April 3rd. The County will receive proposals on or before 11:00 AM on Wednesday, May 7th and will follow the County's procurement process. The RFP documents are available at the Public Purchase website and can be found on the new correctional facility project website. As was discussed by the Commissioners at the March 26th meeting, seeking a Construction Management Services team now does not mean we are going to be putting shovel to dirt in May. It denotes that we are entering the next phase of design development and will have the construction management services team to aid in that process.
