

IN THE COURT OF COMMON PLEAS OF LANCASTER COUNTY, PENNSYLVANIA
CRIMINAL-CIVIL-FAMILY-ORPHAN

Commonwealth/Plaintiff,	:	
	:	
v.	:	No.
	:	
Defendant.	:	

AFFIDAVIT REGARDING GENERATIVE ARTIFICIAL INTELLIGENCE

WHAT IS THIS FORM?

This form tells the court whether you used an AI tool (like ChatGPT, Claude, or similar programs) to help write any part of your legal filing.

WHY IS THIS REQUIRED?

AI tools can sometimes provide incorrect information, make up fake cases, or give inaccurate legal citations. The court needs to know if AI was used so it can properly evaluate your filing. Even if you use AI, you are still responsible for making sure everything in your filing is accurate and truthful.

WHAT DO I NEED TO DO?

1. If you did NOT use AI at all, check the first box.
2. If you DID use AI to help write any part of your document, check the second box and:
 - o Write down which AI tool you used
 - o List which specific parts AI helped you write
 - o Confirm that a human being personally checked all facts, quotes, and legal references for accuracy

IMPORTANT: Whether or not you used AI, you are legally responsible for everything in your filing. Providing false information on this form can result in legal penalties.

I, the signatory, hereby attest that **(check one)**

no portion of this filing has been drafted by AI tools (like ChatGPT, Claude, etc.).

OR

I used _____ (identify the specific AI tool used) to draft

the following portions of this document:

- 1.
- 2.
- 3.
- 4.

I further attest that a human being has checked for accuracy all quotations, citations, facts and statements, and legal analysis.

I understand that by signing this filing, I will be held responsible for the contents thereof, and if I am an attorney, I am subject to the applicable rules of attorney discipline, regardless of whether generative Artificial Intelligence drafted any portion of this filing.

I declare under penalty of perjury pursuant to the law of the Commonwealth of Pennsylvania, 18 Pa.C.S.A. § 4904, Unsworn Falsification to Authorities, that the foregoing is true and correct.
